

Parking Lot and Surrounding Area Policy

The purpose of this policy is to provide information pertaining to the rules and regulations to the Clarkston Independence District Library's parking lot and surrounding area (property).

Handicap Parking:

Vehicles parked in handicap parking space should display a state approved handicap sign in the rear view mirror of the vehicle or a state approved handicap license plate.

Maintenance Prohibited:

Vehicle repairs of any kind, except for those that are immediately needed to remove vehicle from the property are prohibited. Any vehicle dripping oil, gasoline or other automotive fluids must be removed from the property immediately. The patron is responsible for the clean-up of all spills and hazardous material, or the library will do so, and bill the patron for the costs.

Removal of Vehicle:

The library reserves the right to remove any vehicle or obstruction the library deems is in violation of this policy or a safety hazard. The patron will be responsible for all expenses the library incurs, including any attorney fees if applicable, and the library will not be liable to any owner of any vehicle, for any damage that may occur to the vehicle due to towing or removal. Any vehicle on library property that does not have a license plate or current registration will be immediately removed.

Disclaimer:

The library disclaims any responsibility for any damage to any vehicle while parked on library property. The library further disclaims any responsibility for lost articles or property resulting from any theft. The patron fully assumes all risk and responsibility for protecting a vehicle and its contents from theft or any other loss or damage.
